PROFILE SUMMARY

Highly motivated Artificial Intelligence and Data Science student with strong foundations in mathematics, data analytics, and AI systems. Experienced in building real-world projects, participating in national-level hackathons, and applying AI to education, business, and data-driven decision making. Proven ability to collaborate effectively, solve complex problems, and develop ethical, scalable, and impactful AI solutions.

EDUCATION

Indian Institute of Technology (IIT) Jodhpur
BS in Artificial Intelligence & Data Science
2024 – 2028 (Expected)

EXPERIENCE

Tata Group – Data Analytics (Tata iQ)

Data Analyst Intern | *July 2025*

- Conducted AI-powered exploratory data analysis on financial services datasets.
 - Used GenAI tools to assess data quality and identify delinquency risk indicators.
 - Proposed a no-code predictive modeling framework for high-risk customer detection.
 - Designed an ethical and scalable AI-driven collections strategy aligned with regulations.
-

British Airways – Data Science

Data Science Intern | July 2025

- Analyzed customer review data to extract insights into purchasing behavior.
 - Built predictive models to identify factors influencing customer decisions.
 - Aligned analytical insights with business goals and customer satisfaction.
-

Tata Consultancy Services (TCS)

Cybersecurity Analyst Intern (IAM Focus) | July 2025

- Implemented identity and access management strategies for secure user lifecycle control.
 - Applied enterprise cybersecurity best practices aligned with business needs.
 - Prepared clear documentation and presentations for non-technical stakeholders.
-

HACKATHONS & ACHIEVEMENTS

- **3rd Rank Winner – EdTech OnHack (Uttar Pradesh)**
Chandigarh University
 - Secured **3rd rank** in a competitive EdTech hackathon among Uttar Pradesh teams.
 - Developed **Sahayak AI**, an AI-powered educational support solution.
 - Designed, built, and presented a functional prototype within strict time constraints.
 - **Participant – Microsoft Hackathon (Space Safety Theme)**
 - Worked on problem statements related to space safety and satellite risk mitigation.
 - Contributed to solution ideation, data analysis, and technology-based safety concepts.
-

PROJECTS & INITIATIVES

Sahayak AI (EdTech Project)

Hackathon Project – 3rd Rank Winner

- Built an AI-powered educational assistant to support students and educators.
 - Focused on improving learning accessibility, guidance, and digital education support.
 - Applied AI concepts, data-driven logic, and user-centric design principles.
 - Recognized with **3rd rank** at EdTech OnHack (Uttar Pradesh).
-

Problem Reporting Tool

GitHub: [harshsingh07i/Problem-reporting-tool](#)

- Developed a web-based system for reporting, tracking, and managing issues efficiently.
 - Implemented structured categorization and prioritization of reported problems.
-

AI FlashCard – FlashGenius

GitHub: [harshsingh07i/AI-FlashCard-FlashGenius](#)

- Built an AI-powered flashcard application to improve learning and revision efficiency.
 - Enabled dynamic flashcard generation to enhance retention and personalization.
-

GDP Dashboard

GitHub: [harshsingh07i/gdp-dashboard](#)

- Created an interactive dashboard to visualize GDP trends across regions and time periods.
 - Applied data visualization and storytelling techniques for clear economic insights.
-

TechNova Project

GitHub: [harshsingh07i/TechNova-Project](#)

- Worked on a technology-driven project focused on solving real-world problems.
- Contributed to project planning, development, and collaborative execution.

Personal GitHub Portfolio

GitHub: [harshsingh07i/Harsh](#)

- Maintained a public portfolio showcasing AI, data science, and software development projects.
 - Demonstrates continuous learning, experimentation, and practical implementation skills.
-

TECHNICAL SKILLS

Programming & Data

- **Languages:** Python, SQL
- **Data Analysis:** Exploratory Data Analysis (EDA), Data Cleaning, Statistical Analysis, Predictive Modeling

Mathematics & Algorithms

- Linear Algebra
- Probability & Statistics
- Numerical Analysis & Numerical Optimization
- Algorithmic Thinking and Problem Decomposition
- Pattern Recognition Principles

Artificial Intelligence & Analytics

- Foundations of Artificial Intelligence
- Generative AI Tools
- Ethical and Responsible AI
- Data Analytics and Business Intelligence

Visualization & Tools

- Data Visualization & Storytelling
- Dashboard Design
- **Tools:** Excel, Power BI, Jupyter Notebook, Canva

- AI-Powered Office Tools

Security

- Cybersecurity Fundamentals
- Identity and Access Management (IAM)

Professional Skills

- Problem Solving
- Analytical Reasoning
- Strategic Thinking
- Communication
- Team Collaboration

CERTIFICATIONS & ACHIEVEMENTS

- **3rd Rank Winner – EdTech Hack With Uttar Pradesh**
- Tata Group Data Analytics (Tata iQ)
- British Airways Data Science
- TCS Cybersecurity Analyst
